

The Cubic is an adaptable, purpose-built solution for outdoor bicycle storage.

Our modular design provides a highly customisable, enclosed, timber clad cycle store capable of storing any number of bicycles.

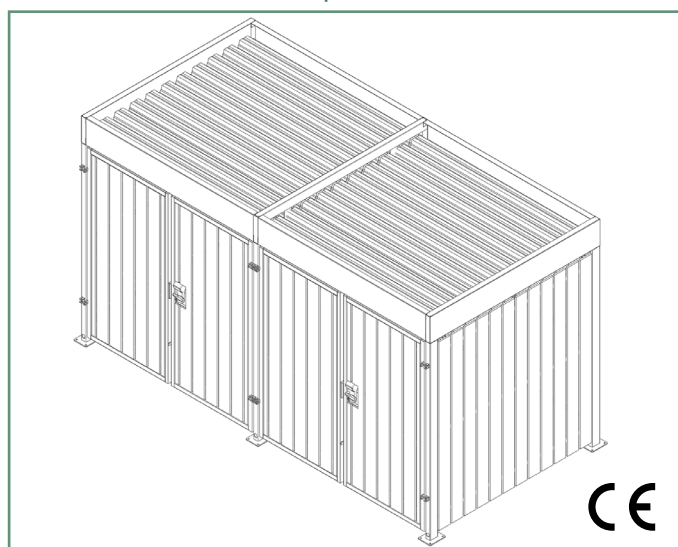

Cubic Timber Enclosed VEC130

Product details

Product name	Cubic Timber Enclosed
Product code	VEC130
Fixing	Surface mounted/root fixed
Capacity	Unlimited modular capacity
Bike racks	Any Turvec bike rack
Access	Enclosed
Compliance	Compliant with EN-1090

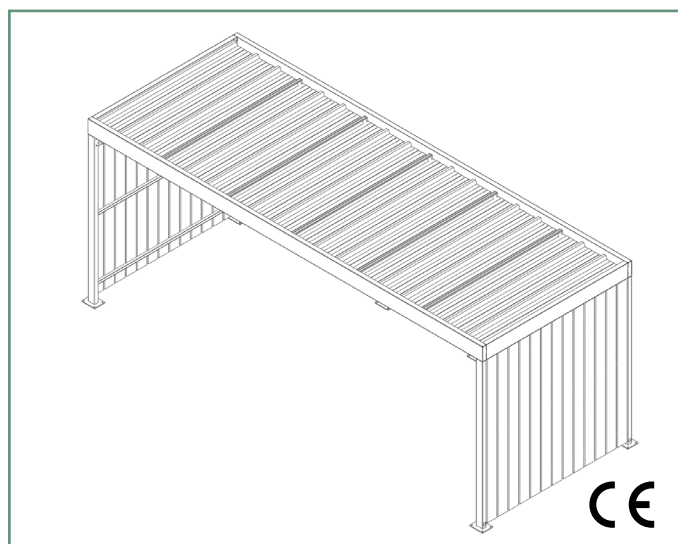

Cubic Timber Compact VEC131

Product details

Product name	Cubic Timber Compact
Product code	VEC131
Fixing	Surface mounted/root fixed
Capacity	Unlimited modular capacity
Bike racks	Any Turvec bike rack
Access	Enclosed
Compliance	Compliant with EN-1090

Cubic Timber Open VEC132

Product details

Product name	Cubic Timber Open
Product code	VEC132
Fixing	Surface mounted/root fixed
Capacity	Unlimited modular capacity
Bike racks	Any Turvec bike rack
Access	Open
Compliance	Compliant with EN-1090

Standard finish

Frame	Hot-dip galvanised to BS EN ISO 1461:2009
